AMERICAN MEDICAL HEALTH ALLIANCE

1-800-785-8765 Toll Free Line

Our office hours are Monday through Friday from 8:30 A. M. to 4:30 P. M., Central Standard Time

One major concern many patients have is the extent to which their insurance company will cover medical treatment. However, having AMERICAN MEDICAL HEALTH ALLIANCE as the Biller eradicates this concern and any other claim questions patients may have. The staff at AMERICAN MEDICAL HEALTH ALLIANCE have decades of experience, are experts in the insurance coordinating field, and have been 70% successful, ensuring that insurance companies process claims fairly and in accordance with the policies issued to their policyholders.

Our patient information packets are available at many doctors' offices, forms can be downloaded and completed online at ([www.amahbilling.com](http://www.amahbilling.com)) and is simple to complete. Should you have any questions regarding the forms, the staff at the facility where you are receiving treatment can assist you with them; or, you can contact our office at 1-800-785-8765 and our staff will be more than happy to help. If you need additional forms after you have left the treatment facility, please feel free to call us and we will expedite a packet to you. Once we are in receipt of the completed forms, signed authorization, and your medical bills, we will begin preparation of your claim. We submit claims according to the varying requirements of each insurance company. Our staff is in constant communication with your insurance company and your doctor, alleviating delays and cutting through the frustrating red tape. If your insurance company requests copies of your medical records or other information, we will provide them with your approval.

AMERICAN MEDICAL HEALTH ALLIANCE also handles all appeals and is experienced in claims resolution, including arbitration and / or mediation hearings. We respond to any and all inquiries your insurance company might have. Although there is NO GUARANTEE of payment, most claims are finalized within 6 to 8 weeks. Within 6 to 8 weeks, we should have one of three outcomes: 1) a payment 2) a request for more information 3) a denial. When your insurance carrier makes a payment on your claim, it will be sent to you or our assigned benefits; in many cases, this will be your doctor or the treatment facility. Our commission will be due immediately once you receive your funds. The benefit of using AMERICAN MEDICAL HEALTH ALLIANCE is that we are not paid unless a reimbursement is received for you. We try to prevent you from worrying about any aspect of your insurance filing. We handle everything for you from A to Z, and guarantee the best assistance available. Furthermore, we make sure that you receive the reimbursement that you deserve. AMERICAN MEDICAL HEALTH ALLIANCE knows what a Patient's Bill of Rights should be. We wish you success in the treatment of your choice. Remember that AMERICAN MEDICAL HEALTH ALLIANCE is here to serve YOU.
